Visiting Amazonian indigenous communities and learning about their way of living

"I had an experience of a lifetime, it was absolutely amazing!!! I tried things I never thought I would. We had the opportunity to stay overnight with a community that lives in the Amazon Rainforest, do the swing to the end of the world, and experience cities like no other tourist because our leader knew the town. Santi and Roze really made my Escape Adventours trip; they were always so positive and energetic. Thank you so much for this amazing experience!!!"
